

Depression 2000

A Conference for psychiatrists, clinical psychologists, psychiatric nurses, allied mental health workers (social workers, occupational therapists), and general practitioners with an interest in psychiatry.

GOLD COAST AUSTRALIA - AUGUST 4TH TO 6TH 2000

Invitation

I extend to you a warm invitation to join us on the Gold Coast for the Depression 2000 Conference in August this year.

The official program is available at www.astmanagement.com.au/Dep2000 and has been structured to provide valuable information for those professionals interested in clinical practice updates on the treatment of depression over different phases of the life cycle (from childhood to older adults). It will attract psychiatrists, clinical psychologists, psychiatric nurses, allied mental health workers (social workers, occupational therapists), and general practitioners with an interest in psychiatry.

The **DEPRESSION 2000 CONFERENCE** will be held at The Gold Coast International Hotel in August this year.

If you are a potential sponsor, this will be an excellent opportunity for your company to net-work with mental health practitioners and decision-makers while being acknowledged for your assistance with conference sponsorship.

On behalf of the conference executive I look forward to welcoming you to the Gold Coast and this important meeting.

Yours sincerely
Prof. Philip Morris
Conference Chair

Conference Web Site
